PRESS RELEASE

Miles Nelson's new range of European designed window fittings provides a stylish solution for timber windows!

The Nordic range of traditional window fasteners and fanlight stays are a stylish update to any timber windowed house with a range of locking and non locking solutions.

Our new range of Nordic fasteners have been engineered with a firm grip and solid security, whilst maintaining a modern sleek design that will complement any new or existing timber framed windows.

The Nordic cockspur is available in left and right handed options, locking and non-locking; with a night vent and integral sash lift to improve weather sealing. The Nordic fanlight stays are available in locking and non-locking options with a range of opening positions to suit most windows.

Get your home secure for the winter with the Nordic range of window solutions!
