PRESS RELEASE

Complete your cavity sliding door with Miles Nelson's new range of brushed satin cavity door pulls.

Miles Nelson presents its new range of cavity sliding door pulls in both locking and non locking varieties. Made from brushed satin steel these cavity door pulls provide a sleek solution for all internal cavity sliding doors for both passage and privacy doors.

With a slim profile design, these locking and non locking cavity door pulls are made to allow the door to slide completely into the door cavity whilst still being accessible with a flip up finger pull on the doors edge.

For more information contact Miles Nelson directly.
